

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Under Alaska Statute, HCB service providers are subject to the following independent audit schedule:

Sec. 47.05.200. Annual audits. (a) The department shall annually contract for independent audits of a statewide sample of all medical assistance providers in order to identify overpayments and violations of criminal statutes. The audits conducted under this section may not be conducted by the department or employees of the department. The audits under this section must include both on-site audits and desk audits and must be of a variety of provider types. The contractor, in consultation with the commissioner, shall select the providers to be audited and decide the ratio of desk audits and on-site audits to the total number selected.

(b) Within 90 days after receiving each audit report from an audit conducted under this section, the department shall begin administrative procedures to recoup overpayments identified in the audits and shall allocate the reasonable and necessary financial and human resources to ensure prompt recovery of overpayments unless the attorney general has advised the commissioner in writing that a criminal investigation of an audited provider has been or is about to be undertaken, in which case, the commissioner shall hold the administrative procedure in abeyance until a final charging decision by the attorney general has been made. The commissioner shall provide copies of all audit reports to the attorney general so that the reports can be screened for the purpose of bringing criminal charges.

In addition, HCB service providers are expected to perform an internal evaluation including client satisfaction surveys, which are reviewed by DSDS MRDD staff and considered when the agency seeks recertification.
